(b) Total investment in agriculture sector during the Eighth Plan, both public and private, are proposed at Rs. 148,800 crores at 1991-92 prices.

(c) and (d) Government are confident of achieving the required level of foodgrains production to meet the demand by the turn of the Century. The required level of production will be achieved through a regionally more broad-based pattern of growth, efficient utilisation of the created facilities of irrigation, development of rainfed areas and maintaining a continuous flow of economically viable improved technology and inputs.

Procurement of Liquid Milk by NDDB

537. SHRI SOM PAL:
DR. NAUNIHAL SINGH:

Will the Minister of AGRICULTURE be pleased to state:

(a) what is the total procurement of Liquid milk by the National Dairy Development (NDDB) in the country State-wise;

(b) what are the quantities of milk and milk products being produced and distributed by NDDB; and

(c) what is the gap between the quantum of milk procured from indigenous sources and the quantity required to maintain the present production level of NDDB and from what sources this gap is met?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ARVIND NETAM): (a) and (b) The National Dairy Development Board (NDDB) procures liquid milk only for its unit Mother Dairy, Delhi and on behalf of the Government of West Bengal manages Mother Dairy, Calcutta. The details of the procurement and marketing of milk of these two units during the period April, 92 to February, 93 are as under:—

	Procurement (Thousand Kgs. per day)	Marketing Thousand litres per day
Mother Dairy Delhi	306.91	579.24
Mother Dairy Calcutta	145.73	326.34

(c) The gap between the quantum of milk procured and marketed by the Mother Dairies of Delhi and Calcutta is due to the type of milk being marketed. There is always some level of reconstitution of conserved commodities into liquid milk from indigenous sources.
